

## Kimberly Poarch, PA-C

Kimberly Poarch is a physician assistant from Dallas. She is a graduate of UTSW's PA program, and has been working in the allergy specialty with Dr. William Lumry since 2005. In addition to managing patients in the allergy and asthma practice, she is the sub-investigator in multiple clinical research trials and has provided care for over 100 patients with hereditary angioedema. She is a consultant for CSL Behring, Pharming, and Takeda, and is on speakers bureaus for AstraZeneca, Pharming, and Takeda. Outside of her medical interests, Kimberly likes camping with her husband and 2 sons, is a registered Scout BSA leader, and enjoys photography, concerts, and being a Yunique presenter.
